University for Peace established by the United Nations

Belgrade, 23 August 2017

**The European Centre for Peace and Development (ECPD) of the University for Peace established by the United Nations**, in cooperation with the **International Center for Integrative Medicine** in Belgrade, within its international programme of knowledge system transfer in the field of medical and biomedical sciences, organises

## **ECPD INTERNATIONAL SPECIALIST SEMINAR PREDICTIVE HOMEOPATHY**

**(Belgrade, 13 September 2017)**

It is our great pleasure to invite you to participate in the work of this Seminar.

Homeopathy represents a holistic medical system of prevention and cure. It is an efficient system of cure that supports natural self-curative tendency of the body. Predictive homeopathy is based on Hahnemann's Organon, especially on Herring's law of trends and direction of cure, which allows, together with application of modern scientific knowledge in the area of embryology, genetics, immunology, more successful implementation of homeopathic principles and continuous achievement of expected and precisely defined therapy results.

**Co-Directors** of the Seminar and the leading lecturers are **Prof. Dr. Prafull Vijayakar**, President of the Indian Institute of Homeopathic Physicians and founder of the School of Predictive Homeopathy (Bombay, India), and **Dr. Amrish Vijayakar**, Director of the Institute of Predictive Homeopathy. (Bombay, India).

The **Program** of the Seminar covers the following main topics:

- ***Basic principles and scope of predictive homeopathy***
- ***The suppression theory and its practical application***
- ***Understanding the essence of miasms and their practical application***
- ***Implementation of homeopathy for acute diseases***
- ***Implementation of homeopathy in paediatrics***

**The main objective** of the Seminar is to acquaint participants with the specific features of predictive homeopathy and train them to achieve, by using **Theory of suppression**, the foundations of which were laid by Professor Vijayakar, consistent and expected results in homeopathic practice. Theory of suppression is based upon seven layers of suppression, which originated on the basis of the development of tissue and organs from embryo leaves (endoderm, ectoderm and mesoderm). It helps better understanding of the direction of pathological processes after using specific genetic similum, and/or recognising and predicting whether pathology is to be further developed (suppression) or the patient is heading towards cure (healing).

The seminar will include theoretic lectures and modalities of practical application with active participation of the participants. Seminar participants will be provided with appropriate teaching hand-outs, as well as simultaneous translation of lectures.

Based on the participation at the Seminar, participants will be awarded with the **internationally valid Certificate** of the ECPD University for Peace established by the United Nations and the Institute of Predictive Homeopathy.

**Participation fee** for the Seminar is **EUR 120** and may be paid to the account of ECPD.

**Application form** for the Seminar shall be delivered by 05 September 2017 to the following address: European Centre for Peace and Development (ECPD) of the University for Peace established by the United Nations, Terazije 41, 11000 Belgrade, tel: +381 11 3246-041 (042-045); fax: +381 11 3234-082, +381 11 3240-673; e-mail: [ecpd@Eunet.rs](mailto:ecpd@Eunet.rs) and [office@ecpd.org.rs](mailto:office@ecpd.org.rs)

Looking forward to receiving your application and meeting you soon, we remain, sincerely yours,

DIRECTOR OF ECPD MEDICAL AND  
BIOMEDICAL STUDIES  
(Academician Vladimir Kanjuh)
